Filed: August 14, 1980
For: ELECTRONIC INVERTER AND BALLAST CIRCUITS

The Office action of January 27, 1982 under 37 CFR 1.135(c) acknowledged by applicant set a time limit for applicant to complete the response to the Office action of August 4, 1981.

The Examiner considered the missing matter or lack of compliance to be an inadvertent omission. Once an inadvertent omission is brought to the attention of an applicant the question of inadvertence no longer exists and accordingly, no further extension of time will be granted M.P.E.P. 710.02(c).

The SIX month statutory period for response having expired, the application is abandoned and applicant's remedy is by way of a petition to revive.
